GENERAL CONSTRUCTION
HELPER, HELPER IN SMALL
PRODUCTION AND SERVICES

**PROJECT
AION**

Iceland 
Liechtenstein
Norway grants

Iceland Liechtenstein Norway grants

The AION project benefits from a grant of € 195828 received from Iceland, Liechtenstein and Norway under the EEA Grants.

The aim of the project is to develop a comprehensive, systemic model of preparation for professional activity of people with deeper intellectual disabilities.

Preparation of professional laboratories with training programs and methodology.

Development of a coherent and systemic strategy for supporting the employment of people with intellectual disabilities on the labor market in cooperation with the District Labor Office in Sosnowiec.

Working out a path of professional development and a strategy of inclusion in the open and / or protected labor market, taking into account the educational, legal, organizational housing for schools, people with disabilities, public institutions and entrepreneurs that can potentially employ people with disabilities.

Skills catalog
**General construction helper, helper in small production
and services**
